Welcome to 5th grade! I hope you are all ready to embark on our Farewell Tour! This is going to be the best year yet!

Education, Certification, Experience

I received my Elementary Education degree from Clemson University in 2006. Upon graduating, I began my teaching career at Sheridan Elementary School in Orangeburg, SC where I taught for five years. In those five years, I taught fourth grade science for two years and second grade for three years. In 2011, I began teaching fourth grade at Gilbert Elementary School. I was a fourth grade teacher for seven years before switching to fifth grade this last school year. In May of 2018, I graduated from Converse College with a Master’s Degree in Advanced Studies in Literacy. This year will be my 14th year teaching.

About Me

My family and I proudly live in Gilbert, SC. My husband, Tom, and I have been married for sixteen years. We have two children, two dogs, six chickens, and one corn snake. Our son, Carter, is a seventh grader at GMS. Our daughter, Cambelle, is a third grader here at GES.
